

# Special Event Profile:

## ABCD (Best 2 of 4 balls)

---

### Format:

- 4-man Team
- 18 holes
- The team's best 2 net scores (of the 4 net scores) will be counted on each hole

### Handicap Allowance:

- Event Handicap will be equal to 90% of Men's Club Course Handicap for each player
- Allowances are based on the USGA recommendation for this format

### Team Selection:

Players who have signed up to play will be divided into 4 groups based on Men's Club Course Handicap (A,B,C,D). The groups will be determined in an effort to have the same number of players in each group. Randomly, one player from each group will be selected to comprise each 4-man team.

*In the event of an odd number of players in a group (or a "no show" on the day of play) where a team(s) may not have a player from each group (A,B,C,D), the affected team(s) will play the round as normal. At the conclusion of the round, the Scoring Committee will randomly draw a replacement player in each missing group (A,B,C,D) from those players in the group who played to determine the team's missing player(s). Each replacement players' scores will be used to determine the affected teams' hole-by-hole and total team scores for the event. As a result, replacement players will be on two separate teams and eligible for Pro Shop credit payouts earned by either (or both) teams.*

### Event Play:

- Each player plays his own ball on every hole
- Record each player's gross (actual) score on each hole in the online scoring system
- The team's best 2 net scores (of the 4 net scores) will be counted on each hole.
- Player's net score for each hole will be determined by reducing his gross score by one stroke (two strokes when warranted) on any hole where a player's Event Handicap is equal to, or higher than, the assigned course handicap for the hole.
- When a player's Event Handicap does not dictate receiving a one-stroke reduction based on the course handicap for the hole, the player's net score for the hole will be equal to his gross (actual) score.
- At the completion of play, the scoring system will calculate/determine the best two net scores on each hole. The sum of these net scores will represent the team's score on each hole; and, ultimately, the 18-hole total team score for the event.
- Each team's placement (order of finish) in the event will be based on the 18-hole total team score.

### Payouts & Skins Game:

- The number of places paid and corresponding Pro Shop credit amounts will be determined, and announced, in advance based on the portion of the Men's Club budget that has been allocated for this event.
- Each player on winning teams will receive equal shares of Pro Shop credits assigned for that place. Pro Shop credits are credited to each player's account by The Falls staff after payouts are announced to the Club.
- **\$40 OPTIONAL TEAM SKINS.** Team skins game is optional for this event. In order to be eligible for the team skins game, the entire \$40 must be paid by the team as skins will be awarded by team for this event. **Team net score for skins will be determined in the same way as the team's hole-by-hole score for the Event.** Skins payout amounts will be determined by the total amount in the skins pot divided by the number of team skins outstanding. There will be no division of skins pot based on playing tee box for this event.
