Event Play:

- Each player plays his own ball on every hole from the same tee boxes as in normal weekly open play.
- Record each player's gross (actual) score on each hole.
- Player's net score for each hole will be determined by reducing his gross score by one stroke (two strokes when warranted) on any hole where a player's Event Handicap is equal to, or higher than, the assigned course handicap for the hole.
- When a player's Event Handicap does not dictate receiving a one-stroke reduction based on the course handicap for the hole, the player's net score for the hole will be equal to his gross (actual) score.
- After the completion of play, the Scoring Committee will use the scoring system to calculate/determine each player's net scores and the equivalent points earned on each hole. The sum of these Stableford Equivalent Points for 18 holes will be the player's score for the event.
- Each player's placement (order of finish) in the event will be based on the 18-hole total Stableford Equivalent Points. Players will be ranked highest-to-lowest to determine the order of finish.

Payouts & Skins Game:

- The number of places paid and corresponding Pro Shop credit amounts will be determined, and announced, in advance based on the portion of the Men's Club budget that has been allocated for this event.
- Each player who ranks in a prize-earning place will receive Pro Shop credits assigned for that place. Pro Shop credits are applied to each player's account by The Falls staff after payouts are announced to the Club.
- **OPTIONAL SKINS (\$10 per player).** Skins payout amounts will be determined by the total amount in the skins pot divided by the number of skins outstanding. Like weekly open play, there will be two divisions for skins based on playing tee box for this event (GOLD/BLUE and WHITE/RED), and skins will be based on an 80% allowance of each player's Men's Club Course Handicap. Skins in the each division will earn an equal share of the skins pot and will be paid to the player at the conclusion of scoring.
